

## Trifold House Card with Deb Valder

Cutting directions:

Cut (1) piece of card stock 6" x 8" and score at 2", 4" and 6"

With a pencil, mark down 2" from the top and 2" from the bottom. Connect the lines as shown in the picture.

Fold in half on the 4" score line and crease.

Fold the two end pieces back.

Fold in the diagonals.

Apply adhesive to the center of the card (where it is highlighted in yellow) and fold in half.

Add your layers to the flaps if you'd like that layered look (I added the coordinating Gnome Paper)

Then adhere the oval on the left and right side of the flaps.

Make sure you watch the coordinating Video Tutorial on my YouTube Channel – "Trifold House Card with Deb Valder"
